

Scholarships for Postgraduate Courses with Special Relevance to Developing Countries

1. General Information about the Programme

- Postgraduate courses for young professionals from developing countries
- Duration: 12-24 months, depending on the particular institution
- Internationally recognised Master's degree
- Includes German Universities and "Fachhochschulen" (Universities of Applied Science)
- Support of selected programmes with a variety of full or partial scholarships
- Funded by the BMZ (Federal Ministry for Economic Cooperation and Development), but admission also open to self-financed participants or students financed through government or other sources
- Academic year 2011/2012

2. Prerequisites and Requirements

The typical scholarship holder:

- Will come either from a public authority or a state or private company in a developing country and, as such, be engaged in the planning and execution of directives and projects with emphasis on development policies having a bearing on technological, economic or social areas.
- Holds a Bachelor's degree (4 years) in related subject.
- Will have completed an academic degree far beyond average and at least two years of related professional experience.
- Is not older than 36 (for some courses the age limit is 32). Please refer to the course details on the following pages.

Language skills:

- For courses in German: DSH 2 or TestDaF 4; at time of application German skills at completed level A2 are required. In addition German language courses at level A3 or B1 are highly recommended.
- For courses in English: TOEFL (minimum score: 550 paper based, 213 computer based, 80 internet based) or IELTS (band 6) certificate
Note: some courses may expect different level. For detailed information see the relevant course introduction on the following pages.
- **Exception:** candidates for the course at Reutlingen University need a very good command of German at time of application

Proof of current work situation:

All applicants should state their current work situation at the time of application and submit a letter of reference from their employer, ideally guaranteeing employment after completion of the postgraduate course.

Statement of motivation:

Applicants must submit a statement of motivation explaining why they are interested in attending a particular postgraduate course with reference to their current employment.

Application formalities:

If you have no private financial resources or cannot obtain a scholarship from your government, company or an international organization, you may apply for a DAAD scholarship - either full or partial. DAAD application forms are available from the German embassies, one of the DAAD offices abroad or directly at the University or Fachhochschule.

Applications from Cameroon, Myanmar and Nigeria must be submitted via the German embassy.

Please note: Scholarships cannot be awarded without the official DAAD application form. Many courses, however, have their own forms which must be submitted in addition to this (see detail under course description).

Applicants are requested to state whether they will be financing the desired degree course themselves or whether the course can only be taken with the assistance of a DAAD scholarship. Chances of admission to postgraduate courses will be greatly enhanced for academically qualified applicants with personal financial resources.

IMPORTANT: the application deadline may vary from course to course. Please check with the relevant entry in this booklet.

All papers must be submitted in identical duplicates. Applications which do not clearly state the desired degree course or which are not completed in full cannot be processed and will not be considered for the selection.

Admission:

The relevant institution of higher education decides on admission to the postgraduate course and simultaneously submits a proposal for the allocation of scholarships. The final decision on the allocation of scholarships is made by the DAAD.

3. List of the required documents (in the stated order)

- application form/s
- hand-signed CV (please use the europass specimen form at <http://europass.cedefop.europa.eu/>)
- hand-signed letter of motivation (with reference to current occupation)
- research exposé (if required by university)
- academic letter of recommendation from your university; the letter must have a signature and office stamp and must be of recent date (not in a sealed envelope)
- professional letter of recommendation from your employer; the letter must have a signature and office stamp and must be of recent date (not in a sealed envelope)
- confirmation of employment from the employer in your home country, and when possible, a guarantee of re-employment upon your return home
- TOEFL or IELTS (if available: proof of German language ability)
- certified copies of academic transcripts
- certified copies of awarded academic degrees

Note: Some courses may expect additional documents. For detailed information please see the relevant course introduction on the following pages.

For economic and environmental reasons, please avoid using sheet holders and plastic folders in your application.
